FIG. 1

"Introducing" information

Identifier information of an introduction origin system	Identifier information of an introduction destination system	Identifier information of an introduction target system	Other information
A	B	C	2001.07.03

FIG. 2

"Introduced" information

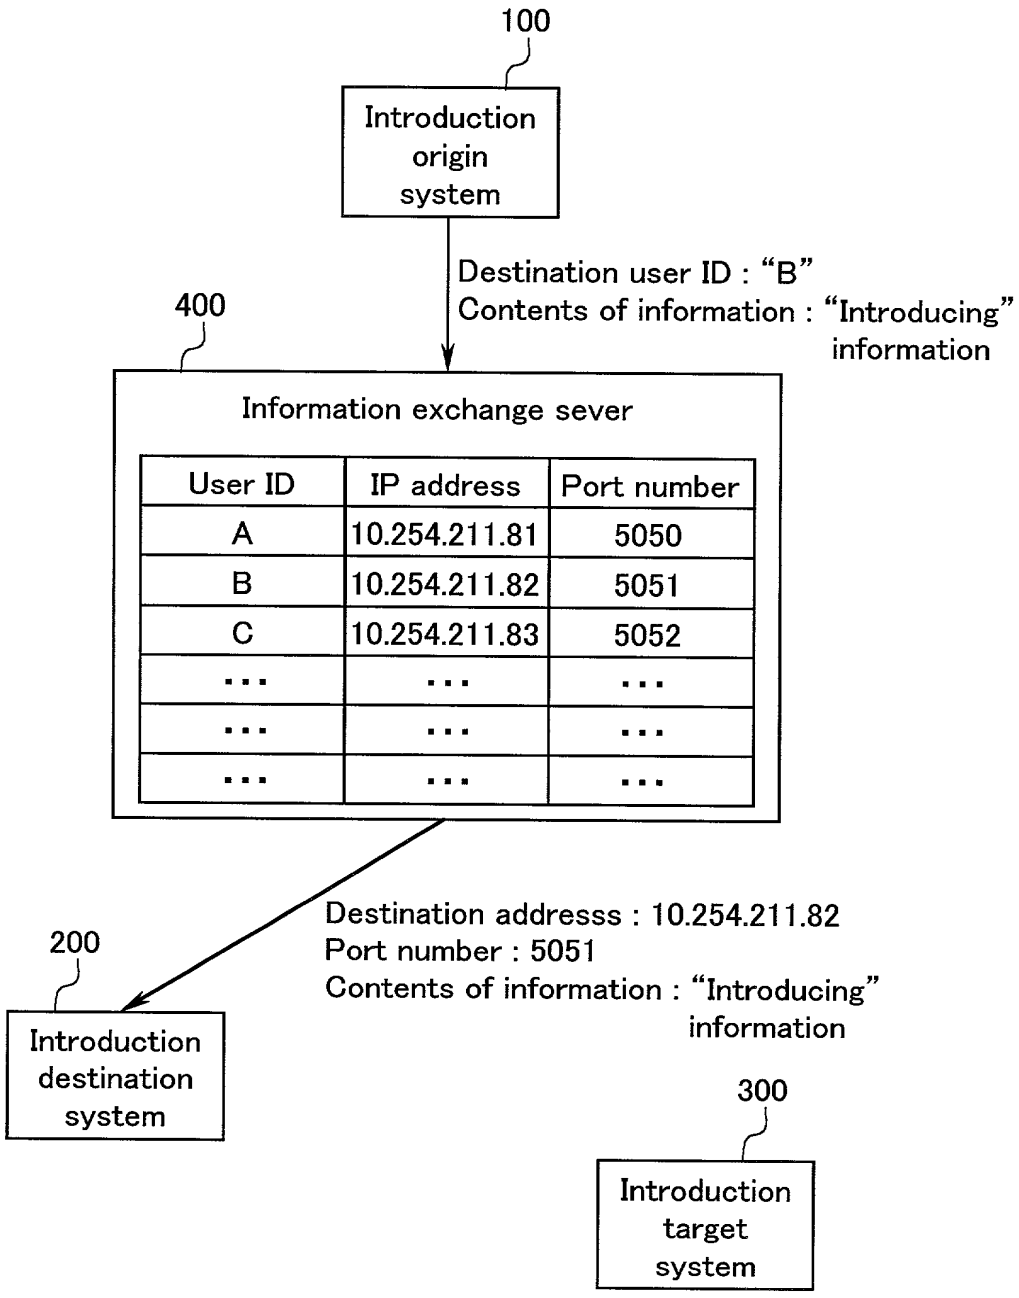
Identifier information of an introduction origin system	Identifier information of an introduction destination system	Identifier information of an introduction target system	Other information
A	B	C	2001.07.03

FIG. 3

"Introduced" recognition information

Identifier information of an introduction origin system	Identifier information of an introduction destination system	Other information
A	B	2001.07.03

FIG. 4



100
Introduction origin system
Destination user ID : "B"
Contents of information : "Introducing" information
400
Information exchange sever
User ID | IP address | Port number
A | 10.254.211.81 | 5050
B | 10.254.211.82 | 5051
C | 10.254.211.83 | 5052
Destination addresss : 10.254.211.82
Port number : 5051
Contents of information : "Introducing" information

A	B	2001.07.03

FIG. 13

US 2015/0358450 A1

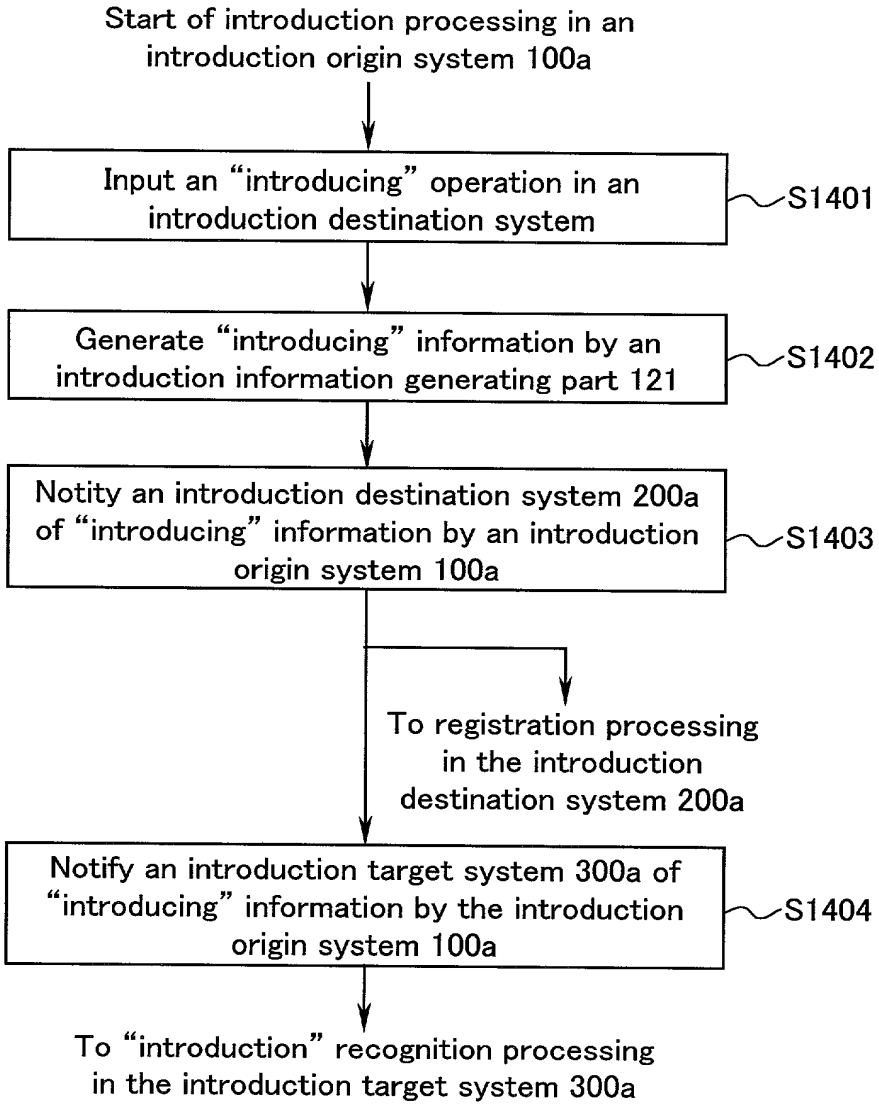

FIG. 14

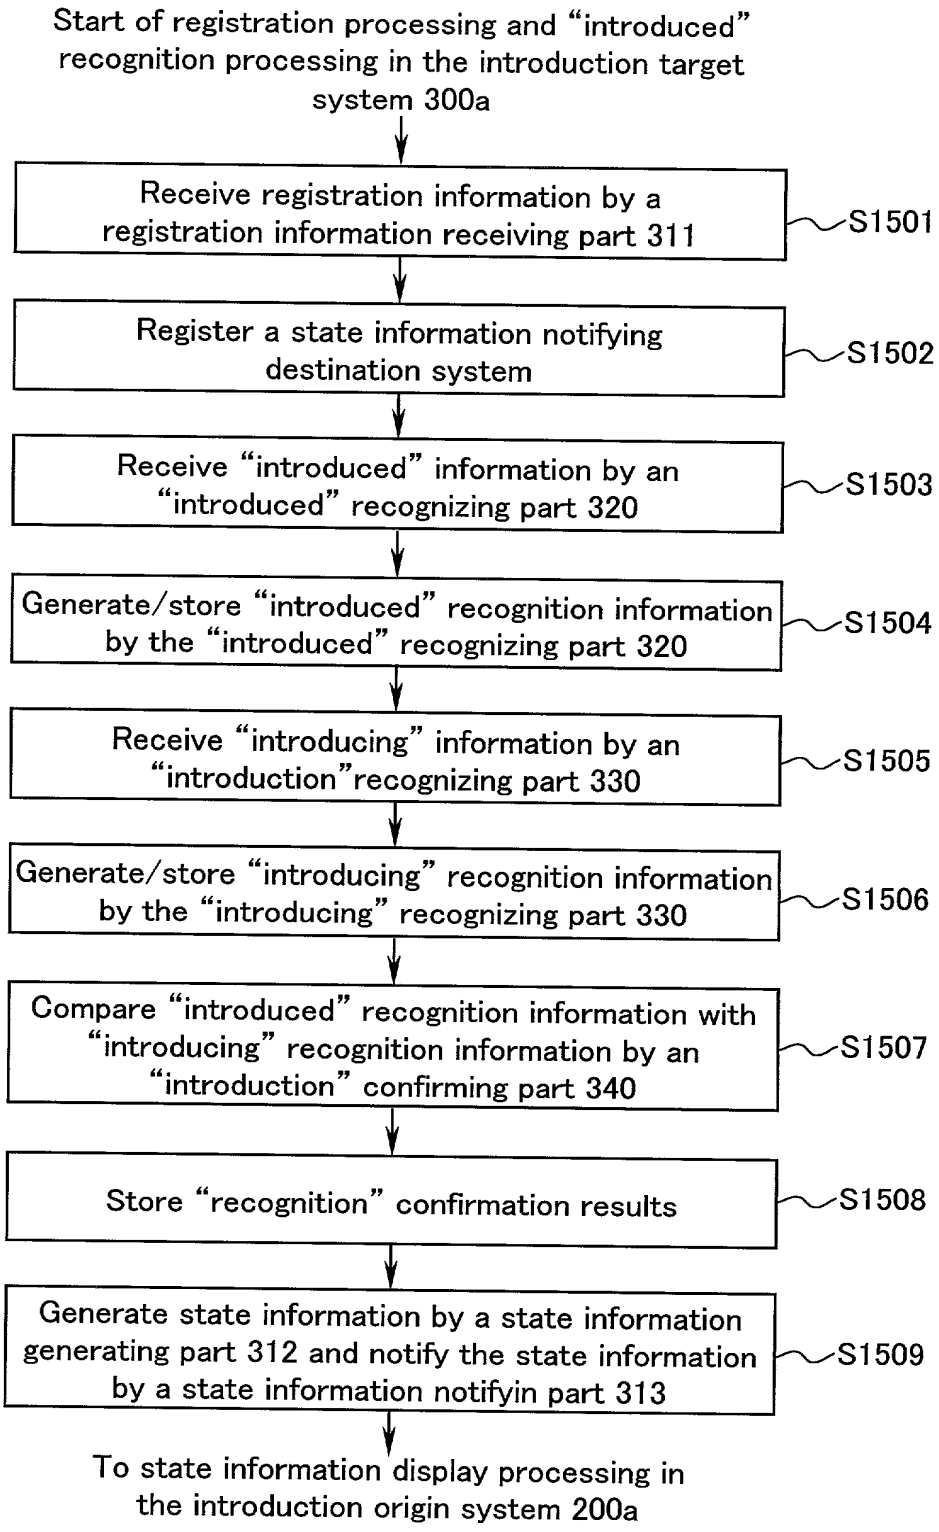

Start of registration processing and "introduced" recognition processing in the introduction target system 300a
Receive registration information by a registration information receiving part 311
S1501
Register a state information notifying destination system
S1502
Receive "introduced" information by an "introduced" recognizing part 320
S1503
Generate/store "introduced" recognition information by the "introduced" recognizing part 320
S1504
Receive "introducing" information by an "introduction"recognizing part 330
S1505
Generate/store "introducing" recognition information by the "introducing" recognizing part 330
S1506
Compare "introduced" recognition information with "introducing" recognition information by an "introduction" confirming part 340
S1507
Store "recognition" confirmation results
S1508
Generate state information by a state information generating part 312 and notify the state information by a state information notifyin part 313
S1509
To state information display processing in the introduction origin system 200a
